| How were new or increased fees being submitted for approval being reviewed with students along with the expected tuition increases? |
| Central and North have student representatives who were part of the College Council's review of tuition and fee increases. The student representatives will report to their respective student government leadership groups. South Seattle's Vice President of Administration planned to meet with Student Board representative on March 5th to review tuition and fee increases. |

| Fee was reduced from \$75.00 per quarter to \$24.00 when staff had a 3% reduction in salary back in 2012 and then slightly normalized to its current \$42 per quarter when the 3% salary decrease was reinstated. That adjustment was the first of 2-phases. Now staff have received an added 8% salary increase in 2019 and will receive another 3% in July 2020. we believe it is fair to restore faculty and staff membership dues to the original intended level. MAC hourly-pay and other costs have increased significantly past 3 years. costs of Pay and benefits has added another \$120,000 in expenses the last 2 years alone-- unsustainable level. | | | | | | | | | | | |
| Change/Revised | 2-D8 | | | REC CTR FEE | MITCHELL ACTIVITY CENTER | \$ 24.00 | \$ 30.00 | 25.00% | \$ 6.00 | COURSE | 21 |
| The student recreation fee has only increased \$3.00 in last 11 years. (\$21.00 to \$24.00 in 2009). The Washington State fiscal growth factor has risen 60.7% in that same time, which would be equivalent of \$38.00 per quarter today if the fee increased linearly with rising costs. We are asking for a modest increase of \$6.00 making the fee \$30/quarter and allowing for sustainable self-support operations. | | | | | | | | | | | |

In that time, the fiscal growth factor has risen 60.7% which would be the equivalent of \$38.00 quarter had fee increased linearly with rising costs. We are asking a modest increase of \$6.00 making the fee \$30/quarter and allowing Mitchell to cover costs. This is a student fee is for full-time students who do not automatically pay into the system because they are designated as Running Start, ABE or Online Students. it is an optional fee these fee which is not charged for students in these programs who do not wish to utilize the recreation center. | | | | | | | | | | | |
| NEW | 2-TBD | | | NCLEX PREPARATIONS | NURSING | \$ - | 135-150 | New | 135-150 | QTR | 23 |
| Fee covers RN Licensing EXAM preparatory programs and resources to help nursing students. These resources provide the students and the faculty information about the preparedness of each student in particular content areas (Medical, Surgical, OB, Pediatrics, Mental Health,.etc) and provides specific feedback and a study-plan for individual students. Students have been paying for these resources individually every quarter for the last several years as it is a mandatory component of their education. By having students pay the fee placed on courses via this fee, students may be eligible for covering the cost with financial aid. This fee would be linked to courses and part of their student account fees. The fee is a pass-through fee with fee intended to just cover costs each year. Costs will be \$135-\$150 per quarter-- we are not able to confirm the exact costs at the moment because it depends on the product package chosen but it will be within that range of \$135- \$150. | | | | | | | | | | | |
| Change/Revised | 2-EA | | 4-EA | PLACEMENT TEST | TESTING OFFICE | \$19-25 | 30-35 | 50-60% | \$10-15 | QTR | 24 |
| Current fee \$19 (Wonderlic English Test), 25 (ALEKS math test). This fee would replace the separate testing fees for English and Math plus evaluation fees for the various multiple other measures available (SBAC, ACT, SAT, TOEFL, IELTS, high school transcripts). It is proposed as a single fee for all assessments, including pre-tests. This fee will allow multiple resources available to students to allow them opportunities to have higher placements without additional charges for further testing. Details being fine tuned. | | | | | | | | | | | |
