- Graduates from our program in 2020 = 142
 - Graduates in June 2020 = 77
 - Graduates in August 2020 = 65
- SCDN had the following **NCLEX pass rate for 2019 95.83** %; The WA State Nursing Commission benchmark for NCLEX (RN licensure) first time pass rate is 80%;
- Currently, the ADN program is approved through the WA State Nursing Commission and accredited through the Accreditation Commission for Education in Nursing (ACEN)

OUR ADN STUDENTS

- Current enrolled students in Nursing and those completing prerequisites (Fall 2020)
 - o 22% male
 - o 54% students of color
 - o 25% of males African American/Black
- Recent graduates (2017-2020)
 - o 22% male
 - o 46% students of color
 - o 11% of males students of color; 35% of females students of color

NURSING FACULTY & STAFF

- Hired 4 FT faculty in September 2019 (3 tenure track, 1 FT temporary); in September 2020, converted 2 FT temporary faculty lines to FT tenure track and hired 1 FT faculty to replace a tenured faculty who retired.
- Currently have a total of 12 FT faculty; 4 are tenured; 7 are on the tenure track; 1 temporary faculty.
- Have 20 adjunct faculty, most of these faculty teach clinical, some help with instruction in the nursing labs. We could not manage to provide instruction without the contributions of adjunct faculty. We have had as many as 33 separate clinical groups of students in one quarter in long term care, acute care, ambulatory clinics and in the Seattle Public Schools.
- Have a total of 8 program staff to oversee the program; one Program Coordinator and one Simulation/Lab Specialist at each campus; program management is accomplished by a Program Manager and an Administrative Assistant.

ADN PROGRAM HIGHLIGHTS

- Continue to experience robust interest in and application to our ADN program.
- Received:
 - 113 applications for winter 2020 cohort; 30 students started at South campus only
 - o 267 applications for fall 2020; 30 students started at each campus
 - 201 applications for winter 2021; planning for 72-90 students to start district wide
- The plan is to continue to admit between 72 and 90 students in both fall and winter quarters.

SEATTLE COLLEGES DISTRICT NURSING UPDATE AS OF 10/29/2020

- Faculty workloads for 2018-19 were 130 to 140% of full-time; workload has now decreased to reasonable levels with the hiring of additional faculty.
- We continue to highlight our program and our graduates' successes to outside agencies and philanthropic organizations. Prior to Covid, we were frequently involved in talking with representatives and giving tours to groups including US Bancorp, Glassybaby, & Swedish Medical Center.

NURSING ASSISTANT CERTIFIED (NAC) PROGRAM UPDATE

- Implementing plan to increase offerings of the NAC program across the district; currently offering NAC programs at one of our co-locations each quarter. Future plans include offering NAC programs at each co-location each quarter and to add additional certifications to our course offerings (diabetes, dementia, medication pass)
- We are planning to reduce the total hours in our NAC program to be more in line with programs in the
 area, to be able to be more responsive to community needs and to be more competitive in this market.
- SCDN has partnered with the VA to provide acute care clinical experiences for the NAC students. Most NAC programs in the region are not able to offer acute care experiences to NAC students.
- Summer 2019 cohort students were extremely successful on their certification exams. Over 90% passed the theory component of testing (similar to WA state results) and 90% were successful on the clinical skills portion of the certification exam (much higher than the state average of 72 %). Testing since February 2020 has been disrupted due to Covid.
- Also working to offer NAC through the IBEST program which focuses on providing extra instruction for students to be successful.

RN-BSN PROGRAM UPDATE

- The plan is to start an RN-BSN program to provide an opportunity for our own graduates to study for their BSN at Seattle Colleges District Nursing.
- We are currently rewriting our statement of need and our proposal for this new program of study. It has been 7 years since the original application was submitted and the WA State Nursing Commission is asking for updated documents.

FOCUS ON THE FUTURE

- The focus for this academic year is two-fold:
 - To continue our integration into one district program with consistent instruction, faculty cohesion and commitment, and clear messaging to our students and stakeholders.
 - To take a strategic look at our curriculum to uncover bias in our content related to equity, diversity, and inclusion.
- We have been notified that we need to host a focused accreditation visit to verify that we have fully merged all campuses into one district. This will be a virtual visit and will take place February 2021.
- We hope to permanently increase the use of simulation in our program; we are currently approved to substitute up to 15% of our clinical instruction with simulation.
- We need to further develop simulation teaching plans and train faculty on the use of simulation.
 Sustaining the ADN program depends on the ability to use simulation which will decrease reliance on hospitals for clinical experiences.
- We are strategically looking at opportunities for students to work together across campuses. The most likely scenario is participation in simulation.

TO: Seattle District VI Trustees FROM: Dr. Sheila Edwards Lange

SUBJECT: Atlas Bldg. & Broadway Café Property Transfer

We are informing the Board of the Chancellor's and my intent to extend for one year the four-party agreement entered into with Sound Transit, Community Roots Housing and the State Board regarding the exchange of the Atlas Bldg.& Broadway Café parcels for Site D. The agreement currently has an expiration date of December 31st of this year. Community Roots Housing has requested a one-year extension of the agreement. Sound Transit's Board has approved the extension. The agreement has previously been reviewed and approved by the Department of Enterprise Services and our Assistant Attorney General.

Background

Seattle Central College had a "first right of offer" on a 10,000+ sf parcel of land adjacent to the west entryway building on Broadway for the light rail station. Over the course of negotiations to acquire the land, Seattle Central determined that an exchange of 14,400 sf of land the college owns between Pike and Pine Streets on Broadway was preferable to paying cash for Site D.

Sound Transit has an obligation to the city of Seattle to use land which it surpluses surrounding the Capitol Hill Light Rail Station for the development of affordable housing. The four-party agreement provides for Sound Transit to transfer the college parcels to Community Roots Housing for redevelopment as affordable housing. This condition on the property exchange with Seattle Central College satisfies Sound Transit's affordable housing obligation to the city by transferring that obligation to the college parcels.

Part of the four-party agreement is a requirement before closing that Community Roots Housing (CRH) secure both permanent financing and complete the city of Seattle construction permitting process. CRH will not be able to obtain the city permit until sometime in the first half of 2021. Therefore, CRH and Sound Transit have requested an extension of the four-party agreement for one additional year. The new effective deadline for closing will be December 31st, 2021.

SECOND EXTENSION AGREEMENT

THIS SECOND EXTENSION AGREEMENT (the "Agreement") is executed by and among Central Puget Sound Regional Transit Authority, a Washington regional transit authority ("Sound Transit"), the State Board for Community and Technical Colleges ("SBCTC"), an agency of the State of Washington, Seattle Central College, an institution of higher education ("SCC")(SBCTC and SCC are hereinafter sometimes referred to collectively as the "College Parties") and Community Roots Housing, f/k/a Capitol Hill Housing Improvement Program, a Washington public corporation organized by the City of Seattle pursuant to Seattle Municipal Code chapter 3.110 and RCW 35.21.660, 35.21.670 and 35.21.730-.755 ("CRH") (individually a "Party" and collectively the "Parties").

The Parties previously entered in that certain Four Party Property Exchange Agreement with an Effective Date of August 6, 2019, as amended and extended by Extension Agreement with an effective date of December 2, 2019 (as extended, the "Four-Party Agreement") which sets forth the terms and conditions under which (a) Sound Transit and the College Parties agreed to exchange certain real property owned by Sound Transit and legally described in Exhibit A attached hereto and by this reference incorporated herein ("Site D") for certain real property owned by the College Parties and legally described in Exhibit B attached hereto and by this reference incorporated herein (the "College Properties"), and (b) Sound Transit agreed with CRH to simultaneously transfer the College Properties to CRH for development and operation of affordable housing pursuant to that certain Disposition and Development Agreement dated August 6, 2019, as amended and extended by Extension Agreement with an effective date of December 2, 2019 (as extended, the "DDA") between Sound Transit and CRH.

NOW, THEREFORE, for good and valuable consideration, the Parties hereby agree as follows:

- 1. The Parties confirm that, subject to satisfaction of the conditions precedent to Closing set forth in the Four-Party Agreement and the DDA, they have each elected to proceed with (a) the exchange of the College Properties for Site D, and (b) CRH has elected to proceed with the acquisition of the College Properties from Sound Transit.
- 2. In accordance with the provisions of <u>Section 4.3</u> of the Four-Party Agreement, Sound Transit and the College Parties have each updated their respective appraisals of Site D and the College Properties. As of the date of this Agreement, the Parties have agreed: (a) based upon an update to an appraisal prepared by The Eastman Company, the agreed Fair Market Value of the College Properties, free and clear of the College Properties Leases, is [\$_____], (b) based upon an update to an

appraisal prepared by Valbridge, the agreed Fair Market Value of Site D is [\$ _____], and accordingly, (c) the amount of the CHH College Payment is [\$_____].

- 3. In accordance with the provisions of Section 4.2 of the Four-Party Agreement and Section 3.1 of the DDA, the purchase price for the Commercial Space, as increased by five percent (5%) each year, is \$771,750. In the event that the square footage of the Commercial Space set forth in the Permits for, or built as part of, the Affordable Housing Project exceeds 4,800 square feet, the purchase price for the Commercial Space shall be further increased by an amount equal to \$161.00 per square foot or fraction thereof for each square foot or fraction thereof in excess of 4,800 square feet. There shall be no adjustment in the purchase price for the Commercial Space in the event that the square footage of the Commercial Space, as permitted or built, is less than 4,800 square feet.
- 4. The College Parties have approved the condition of title for Site D. In accordance with the provisions of Section 6.2.3 of the Four-Party Agreement, Sound Transit and CRH sent the College Parties their initial written objections to title to the College Properties. The College Parties shall respond to the Sound Transit/CRH joint objections to title to the College Properties on or before January 4, 2021. Thereafter the time periods and other provisions set forth in Section 6.2.3.4 of the Four-Party Agreement shall apply to Sound Transit and CRH's reply to the College Parties' response to title objections to the College Properties.
 - 5. The Parties agree that the Closing Date is extended to December 2, 2021.
- 6. "Expiration Date" as used in the Four-Party Agreement and the DDA shall be defined as follows: "Expiration Date" means the earliest of: (a) December 2, 2021 or (b) any date prior thereto on which this Agreement terminates in accordance with its terms.
- 7. All capitalized terms not otherwise defined herein shall have the same meaning as set forth in the Four-Party Agreement and/or the DDA, as applicable. Except as set forth in this Agreement, the Four-Party Agreement and the DDA each remain in full force and effect.
- 8. This Agreement may be executed in counterparts, each of which shall constitute an original and all of which shall constitute but one original. The persons signing below represent and warrant that they have the requisite authority to bind the Party on whose behalf they are signing.
- 9. This Agreement is deemed effective as of December 2, 2020, upon being executed by all Parties.

[Signatures on following page.]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement.

MEMORANDUM

TO: Board of Trustees

FROM: Shouan Pan, Chancellor **DATE:** November 12, 2020

SUBJECT: Report to the Board of Trustee

I. Student Success

Federal Register, advocacy for International Students

Chancellor Pan submitted a comment letter on behalf of Seattle Colleges to the Federal Register in response to the Duration of Status ruling asking that the proposed rule be withdrawn in its entirety, and that admission for the duration of status remain in effect.

Seattle Colleges Foundation Scholarship Ceremony

On October 28, the Seattle Colleges Foundation hosted a virtual celebration for scholarship recipients. Over \$1 million was contributed in support of 587 scholarships that were awarded to 469 recipients across the three colleges. We are very proud of our student scholarship recipients and are committed to their success. We also thank the donors who made this important investment in their future. The inspiring ceremony can be viewed online at: https://www.youtube.com/watch?v=UzTZPvyhZNg&feature=share.

Winter Quarter Operational Mode Announced

Upon careful analysis and review of state and King County health safety guidelines, the District Emergency Response Team decided to continue with Remote Operation during Winter Quarter 2021 at all three college campuses. South Seattle College announced plans to continue with primarily remote operations through the end of Spring Quarter 2021 because of the closure of the West Seattle Bridge. This announced decision means that we will continue offering most instruction and services remotely, with some hybrid and limited face-to-face instruction that observes the public health and hygiene best practices outlined in the Infection Control Program (ICP).

II. Organizational Excellence

Virtual Tenure Reception

On Monday, Oct. 12, Seattle Colleges hosted a virtual reception for 29 newly tenured faculty members and a faculty member who achieved Core Status. All five trustees, college presidents, chancellor Pan, AFT-Seattle President Annette Stofer, and other CEC members were present to offer congratulatory remarks and help celebrate faculty's achievement. Attendance by dozens of family members and friends of the tenured faculty members helped made the reception a successful and memorable event.

District Fall Management Meeting

On Tuesday, Oct. 13, approximately 200 administrators across the district convened virtually to learn and discuss a host of major agenda items, including Convid-19 control, ctcLink, Seattle Pathways, Seattle Promise, Equity Can't Wait Campaign, Equity 2023, and FY 20-21 Budget.

Human Resources Town Hall

On September 22, HR hosted another cross district townhall. The virtual townhall was an opportunity to re-share and update all staff on changes within the HR team and provide updates on who employees can reach out to for HR, Payroll, and Benefits questions. The HR team then answered questions. The Q & A were then posted on inside colleges for all staff. This is the third townhall event HR has done during remote operations. In addition, the HR Team has been hosting drop in hours for employees to come and ask non-confidential questions in a group setting.

Re: Report for November 2020 BOT meeting

As I write this, there is just one week before Election Day 2020. AFT and many other unions are scrambling to get out the vote and make sure that every voter gets the chance to cast their ballot—safely and securely. Unions are committed to seeing that all votes are counted and democracy is defended. There is so much at stake. We have to do all that we can to get back on the track of decency. We have to seriously tackle climate change and racism. We have to find our way through the COVID pandemic without needlessly sacrificing lives. As we do these things, we make our colleges so much better for students and employees alike.

We had our first day of negotiating with a mediator from PERC on October 29. We have to adjust to a new way of working on proposals as the mediator does "shuttle diplomacy" of a sort rather than us all working together in the same space. We see our goals for workload equity and good salaries to be inextricably linked with the need to reprioritize instruction as we determine future budgets. We believe that reshaping our administrative structure, which all three unions and students have called for, is needed to rebalance things. Instruction and front-facing support services need strong funding in order to meet the needs of our diverse student population.

Some top areas that AFT is working on:

- Bargaining the High Demand funds
- Watching plans to integrate eLearning
- Updating the MOU for teaching under COVID in Winter and Spring 2021
- Moving forward on anti-racist pedagogy while negotiating needed changes in our CBA
- Listening to faculty who report stress and overwork
- Participating in conversations about potential program closures and reductions
